The Crane Booster Club Bylaws were presented to the members. After a review of the Club Officers & Board of Directors the board would like to amend the Concessions Manager. Instead of just one Concessions Manager it was discussed breaking it into Fall Sports and Winter Sports Concession Managers. At this time we cannot amend the bylaws until they have been available to the officers for at least 10 days prior to the time of being considered for amendment. This will be tabled until the November 30<sup>th</sup> meeting.

The board also discussed membership. The board would also like to amend the bylaws regarding the membership classes. Instead of having 3 different classes of membership we would like to have just one class, General membership. \$10 for a membership. This too will be tabled until the November 30<sup>th</sup> meeting for amendment.

Kari Joyce provided the current bank statement balance as of October 31, 2017. \$1775.22

Muffy asked Annette if she could send a group message on messenger to help everyone stay in contact. Annette said she would.

A discussion was held on Menu options for the concession stands. Muffy & Katy have looked up different concession stand items and has found some great ideas.

Kari asked about ordering sweatshirts for the football state playoffs. Everyone was on board with getting some ordered as soon as possible. A suggestion was to shop locally. Katy Batie did a great job on John Barry Memorial sweatshirts. Kelli said she would talk to her and maybe she could get some done before the Saturday game. If this Saturday does not work at least we could get them ordered for next week.

A suggestion was to talk to Cindy Lofts to see if she has time to get the Booster club webpage on the school website up and going again. We could post our minutes and other items on this site.

The next scheduled Booster Club meeting is set for November 30, 2017 @ 4:00 in the Multipurpose Room.

Meeting was adjourned at 4:35p.m.

Minutes are subject to approval.
